2023 ■ Adelaide

International education:
visionary and transformative

10 – 13 October 2023

Program

See what's on at AIEC 2023

Hosted by

Program Information

This program was last updated on 6 October 2023. Please note that the program is subject to change before the conference in October. Please check the [schedule online](#) for the latest updates.

All sessions and functions will be held in person at the Adelaide Convention Centre, South Australia, unless otherwise noted. Social events, and pre-conference sessions on Tuesday are only available to conference attendees.

All times in this program are in local Australian Central Daylight Time (ACDT)/UTC+10.5. Daylight saving time is observed in South Australia, Victoria, New South Wales, the Australian Capital Territory and Tasmania from Sunday 1 October 2023.

Sessions in Halls F&G will be available on demand to all delegates up to two months after the conference ends.

This year we are highlighting emerging researchers. Sessions with this symbol indicates the participation of an emerging researcher.

AIEC is an environmentally friendly event, please consider the planet before printing.

Key interest areas

Key interest areas (KIAS) or program tracks are general headings into which sessions and presentations in the program are organised. Each KIA will appeal to a group of people who share common interests, sometimes based on which education sector they work in, or what type of role they have within their organisation. They are intended as a guide only. Most sessions at AIEC will cover more than one interest area. Find out more about key interest areas at aiec.idp.com/key-interest-areas.

A&C	Admissions and compliance	PD	Professional development

PATH	Pathways		

International education: visionary and transformative

Leaders in international education will gather at AIEC 2023 in [Adelaide \(Tarntanya\)](#), on the lands of the Kaurna people, to celebrate the transformative power of international education and highlight the role of visionary thinking in fostering a more sustainable, inclusive and equitable world.

Inspired by the progressive history of our [host city](#), this year's theme focuses on the role that innovation plays in transforming the experiences of our students and the communities in which they live, work and study.

[Adelaide](#) was the first Australian city to be planned and developed by free settlers without convict labour, and the first to have an elected council. South Australia was the first Australian state to grant women, including Aboriginal women, the right to vote for and stand as parliamentary candidates. It was also the first state to decriminalise homosexuality.

In recent years, [Adelaide](#) has quickly become a technological highland with a global impact. It has developed transformative innovations in fields such as AI, cybersecurity, robotics, smart sensors, big data, clean technologies, water management, aerospace and aviation, among other.

Various innovation precincts – such as Lot Fourteen Innovation and Technology Park, the Adelaide Bio-med City, the Tonsley Innovation District and Waite Research Institute – have transformed the city into a world-renowned Australian innovation hub.

Motivated by Adelaide's pioneering history of reinvention and transformation, we invite you to join us this October to:

- identify the present and future global challenges to our profession and what we need to do to overcome them
- forge the strategies needed to meet the demands of the 'new normal' in which we now operate
- discover new ways to support our students in their study and career journeys
- set a clear vision for international education with innovation at its core.

Our sector is stronger when we encompass all voices. Make sure you join us in October, so your voice is heard and forms part of our sector's united vision and transformation.

Join us in [Adelaide](#) to be inspired, challenged and transformed!

What's on at AIEC?

AIEC provides a unique convergence of networking, learning and fun into a single package:

learning opportunities to discover innovative approaches to common challenges in international education – e.g. keynotes, expert panel sessions, country insights, best practices, case studies, industry insights, market intelligence and the latest research.

Experience the impact of inspire sessions, content-heavy and fast-paced, they provide expert advice or commentary on a particular issue or challenge. Visit the Inspire lounge where conversations link networks.

networking activities to expand your networks, share, collaborate and contribute to the international education community such as Braindates.

a buzzing physical exhibition.

IEAA Excellence Awards, to recognise the leaders and innovators in our sector.
