

INTERNATIONALISATION OF THE CURRICULUM NETWORK CONVERSATIONS

Dr Wendy Green, Convenor, University of Tasmania

Mariana Lane, Deputy Convenor, Independent Schools Queensland

Dr Damir Mitric, Deputy Convenor, La Trobe University

Prof Betty Leask, Past Convenor

Welcome to the IoC Network

The IoC SIG seeks to:

- Explore the curriculum implications for all students in an increasingly connected global society
- Encourage and support collaboration across sectors for the benefit of all involved in education programs
- Provide a support network for teachers and academic staff interested in what IoC means for what and how they teach – by connecting online and F2F twice a year

Aims of this session

- Network!
- Explore the curriculum implications for all students in an increasingly connected global society through research and practice
- Discuss our priorities for research and PD for 2018

Icebreaker

Discuss

- What does IoC mean to you? What does it not mean?
What is your role in developing IoC?
- What good practices have you developed, or have you heard about in developing global/21st century knowledge, skills, dispositions with students at different ages/stages/sectors? Who / what facilitates these practices? What practices would you not do again?

Priorities for 2018

1. What do you see as the top priority for professional development for the IoC network?
2. What do you see as the top priority for IoC research for the IoC network?

Joining the IoC network

- Membership is free and open to all
