2022 ■ Gold Coast

Beyond borders

Australian International
Education Conference

18 – 21 October 2022

Program

See what's on at AIEC

Hosted by

Program

 This program was last updated on 17 October 2022. Please note that the program is subject to change before the conference in October. Please check the schedule on the app or virtual platform for the latest updates.

 All sessions and functions will be held on the Gold Coast.

 All times in this program are in local Australian Eastern Standard Time (AEST) / UTC +10. Daylight saving time is observed in Victoria, New South Wales, the Australian Capital Territory and Tasmania from Sunday 2 October 2022.

 Sessions in rooms **Arena 1A**, **Arena 2** and **Central B** will be livestreamed, and available via the Virtual Attendee Hub. All delegates whether attending virtually or in person will have access to the virtual platform. These sessions will also be available on demand for up to two months after the conference ends.

 Social events and pre-conference sessions on Tuesday are only available to in-person attendees.

Beyond borders

Education, by its very nature, is and should be borderless and universal. However, the global pandemic forced countries to shut their borders and brought global mobility to a standstill, threatening the very essence of education and its power to 'cross borders' worldwide.

In Australia, one of the first countries to close its borders and one of the last to reopen them, the disruption was felt by many sectors, particularly international education. Yet, despite the challenges we faced, or perhaps because of them, we sought innovation and reinvention. Our students demonstrated patience, resilience and faith in our institutions. No longer restrained by travel or traditions, we evolved into a truly borderless community.

This year's theme, 'beyond borders', reinforces that even though our international students are beginning to return to our classrooms, campuses, cities, communities and workplaces, there are still walls we need to tear down. These may be more immediate barriers, such as international travel risks, quarantine, vaccination and virtual mobility, or more deep-seated ones related to socioeconomic status, equity and access.

Anchored around inclusion, connection and community, at AIEC 2022 we invite you to go 'beyond all borders' to:

- explore how we can continue to foster a sustainable, accessible and diverse education offering
- learn how digital innovation and data insights can create new opportunities, progressive policies and shared strategies
- examine the role of international education as an equaliser that breaks national, cultural and political divides.

Reunited beyond our borders, and united by our shared goal to shape the future of international education, join us at AIEC 2022 on the Gold Coast in October.

Key interest areas

Key interest areas (KIAs) or program tracks are general headings into which sessions and presentations in the program are organised. Each KIA will appeal to a group of people who share common interests, sometimes based on which education sector they work in, or what type of role they have within their organisation. They are intended as a guide only. Most sessions at AIEC will cover more than one interest area. Find out more about key interest areas at aiec.idp.com/key-interest-areas

 Admissions and compliance	 Pathways
 Business development and strategy	 Professional development
 English language	 Schools
 Employability	 Scholarships and fellowships
 Higher education	 Students
 Learning abroad	 Teaching and Learning
 Marketing	 Transnational education
	 Vocational education and training

Session formats

Learning and sharing at AIEC comes in different formats. Find out more at aiec.idp.com/whats-on-session-formats

Plenary
Workshop
