

Measuring Diversity

Inconsistent and insufficient

- Socio Economic Status (SES); postcodes
- Indigenous
- Mobility data

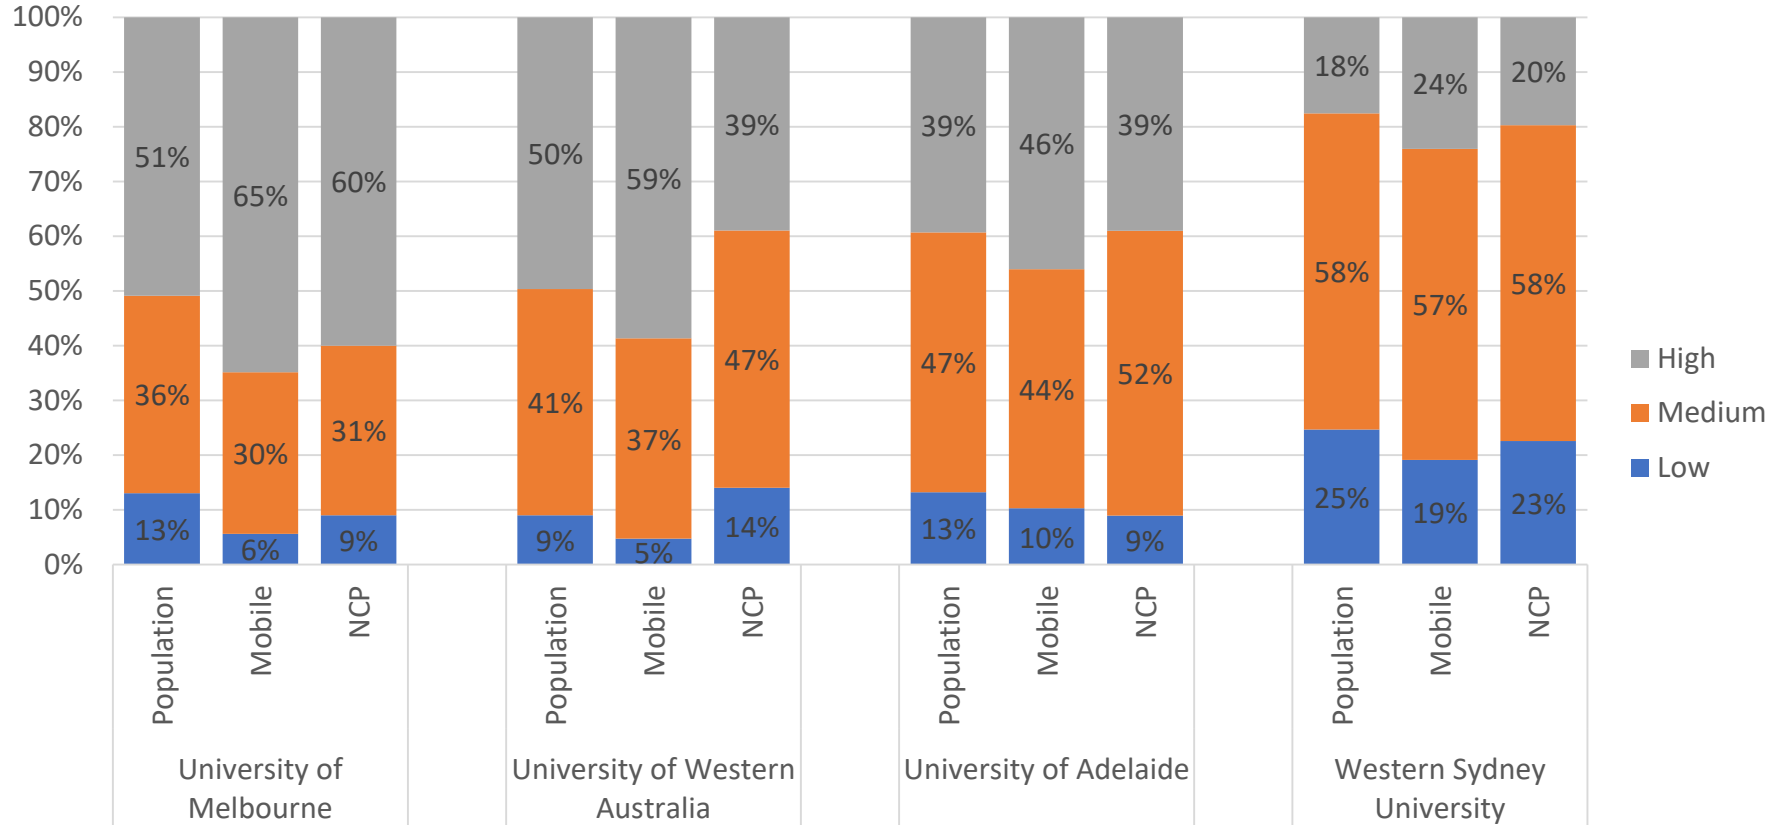

Benchmark

- Institution diversity?

Creating an inclusive program

Structural barriers

- Eligibility requirements
- Rolling deadlines for access scholarships
- Short-term programs as enablers
- Curriculum integration

Information barriers

- Finance – OS-Help, NCP, other funding
- A range of options and costs (how do do it cheaply)
- Target strategies for population eg. Indigenous, mature-age

Motivation barriers

- Link to employability
- Normalising
- Prospective student recruitment & school engagement
- Micro-credentialing
